

PRIMARY USER

Do you know what course you want to take this term ?

No , I have no idea. I wish there was a place to look it up.

Actually, there is a dashboard where you can get all this info and more

TWO STUDENTS DISCUSSING OUTSIDE THE QUIZ CENTER

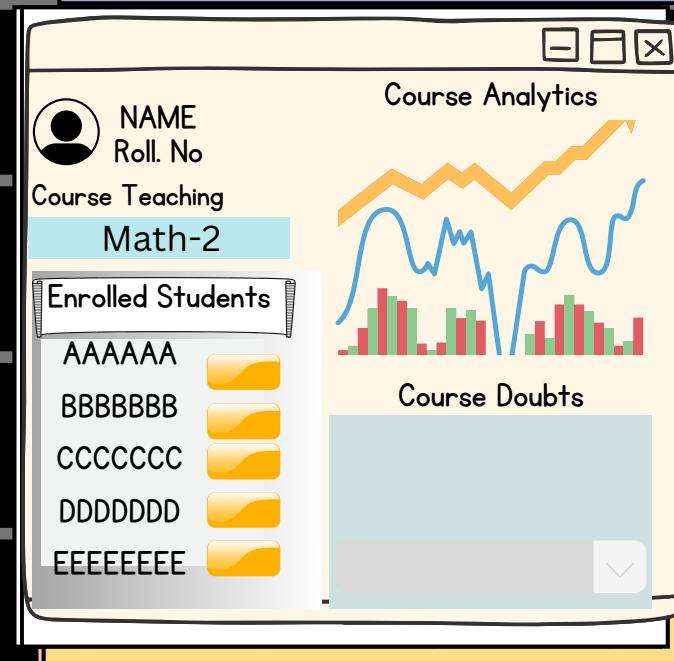

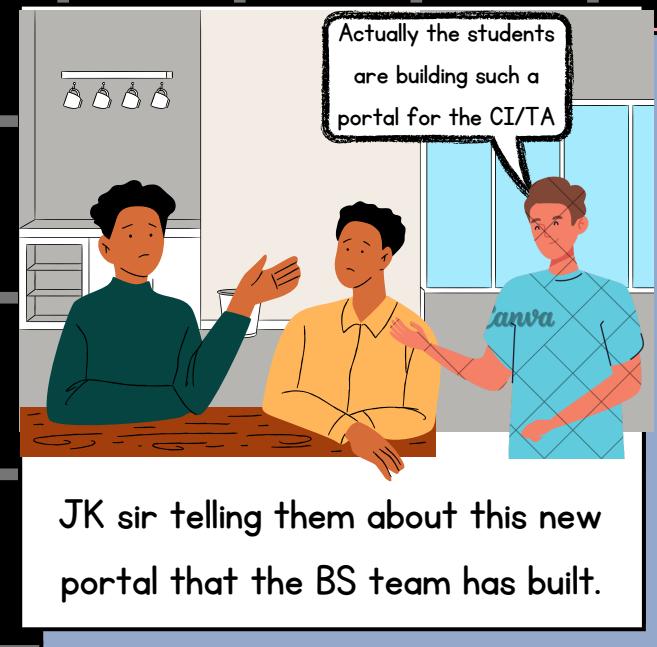

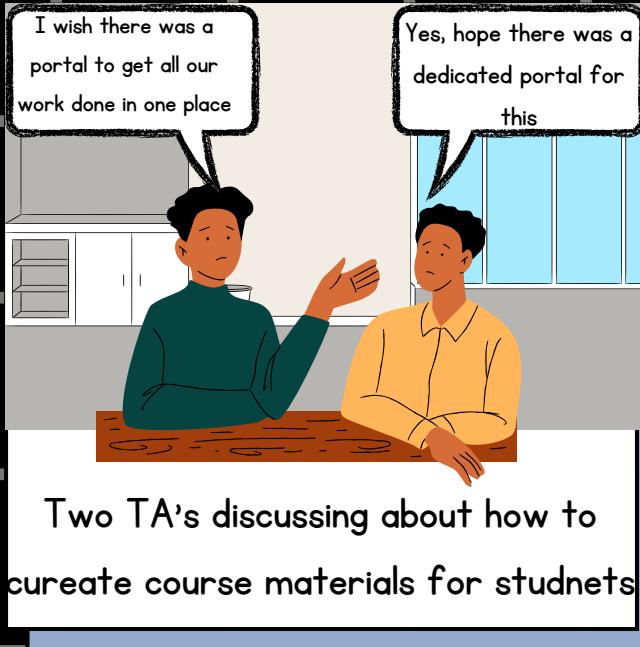

ANOTHER STUDENT TELLING THEM ABOUT THE DASHBOARD

A screenshot of a user interface for a dashboard. It includes fields for 'NAME' and 'Roll. No.', a 'Course Progress' bar (green), 'Course Recommendation' (empty box), 'Course Description' (empty box), and a 'Feedback for courses' section with a dropdown menu set to 'course'. Below this is a 'Feedback from user' section.

THE DASHBOARD HELPS THEM CHOOSE THE RIGHT COURSE

SECONDARY USER

TERTIARY USER

The portal always gets stuck while the term registration starts .

Yes , this is very difficult for us to resolve students issues at this time

THE POD STAFF HAVING PORTAL LAG DUE TO HUGE LOAD IN THE SERVER

Actually the students are building such a portal for the CI/TA

JK sir telling them about new a ticketing system to inform the IT support.

THE IT SUPPORT TEAM WORK ROUND THE CLOCK CHECKING FOR ANY SERVER OVERLOAD AND RECTIFY IT

Its great the IT staff get notified as soon as any error pops up.

es, this way there is a seamless communication between the staff and students

THE POD STAFF CAN NOW PROMPTLY ANSWERS ANY SUPPORT QUESTIONS
